

MATTERHORN HARD FESCUE

“Solid as a rock”

With Overall Turf Quality as solid as the “rock” it is named after, Matterhorn is the first choice when it comes to any low maintenance grass requirement. Matterhorn is dense to help crowd out weeds, fine bladed; with research supported drought tolerance and color fade resistance. Matterhorn can be used in the most extreme conditions including cold temperatures, shaded areas, hard to mow areas, slopes, roadsides, golf course roughs, reclamation areas, vineyards and orchards. Choose Matterhorn when looking for a beautiful, tough grass with survivability plus blends well with other grass species.

- ❖ Superior Overall Turf Quality
- ❖ Excellent Turf Density
- ❖ Drought Tolerance
- ❖ Very Fine Bladed
- ❖ Medium Dark Green Genetic Color
- ❖ Improved Disease Resistance
- ❖ Frost Tolerance
